I am pleased to write this letter of recommendation for Karen Flores, who was a student in my AP World History class last year. Karen earned an A+ in the course, demonstrating exceptional academic ability, consistent effort, and a strong understanding of complex historical themes and concepts.

Though she is a quiet student, Karen was always attentive, thoughtful, and respectful. She maintained close friendships with a small group of classmates and worked well in group settings. Her quiet confidence and strong work ethic made her a reliable and positive presence in the classroom.

Karen is a dedicated and capable student, and I have no doubt she will bring the same level of excellence to her CTE/ROP class. Please feel free to contact me if you have any further questions.
